Ron B. Schiller
Box 456
Monmouth Beach,
New Jersey, USA

Dear Ron:

It is a pleasure for me to answer this excellent report. It's correct and is the first we received from New Jersey. We ran on 250 Watts on December 30 at 6:00 AM. We increase power in daytime.(1000 watts).

Thanks for your report and maybe in the near future you will received again. If so, we will appreciate your report. It's a pleasure for us send you some souvenirs.

Very truly yours,

Guillermo Bonet
